

William D. Barrick and Roger Sigler, “Hebrew and Geologic Analyses of the Chronology and Parallelism of the Flood: Implications for Interpretation of the Geologic Record,” in *Proceedings of the Fifth International Conference on Creationism Held August 4–9, 2003*, edited by Robert L. Ivey, Jr. (Pittsburgh: Creation Science Fellowship, Inc., 2003), 397–408.

Summary of Chronology

The chronology of the Flood is summarized on the following table (also see Figure 1). Read the left side of the table from the bottom to top. Dates are month/day/year – year is based on Noah’s age.

150 DAYS OF DESTRUCTIVE PREVAILING WATERS				221 DAYS OF SUBSIDING/ REGRESSIVE WATERS				
Passage	Date	Day	Stage	Passage	Date	Day	Stage	
Ps 104:6 7:24	7/16/600	150	Waters prevail through this day.	8:1-4 ↓	7/17/600	151	Commencement of subsiding waters; sources are stopped; ark grounded.	Ps 104:7 Sheet erosion, tsunamis, mountains
7:21-23	?	?	All the creatures of the dry land died.	8:5↓	10/1/600	225	Mountaintops appear.	Ps 104:8
7:19-20	?	?	Waters prevail even more so that the pre-Flood mountains were overwhelmed.	8:6↓	11/11/600	265	Noah Opens Hatch	
↑				8:7 ↓	11/12/600	266	Raven Released.	
7:18	?	?	Waters rise more and ark moves about on the water surface.	8:8-9 ↓	11/19/600	273	Dove released.	
↑								
7:12,17	03/26/600	40	Rising waters lift the ark off the ground.	8:10-11 ↓	11/26/600	280	Dove released & returns with olive leaf.	
↑				8:12 ↓	12/3/600	287	Dove released & did not return.	
7:11	02/17/600	1	Commencement of prevailing waters by upheavals of the earth’s crust (<u>mostly oceanic</u>) & torrential rain.	8:13 ↓	01/01/601	315	Ground surface free of excess water.	Ps 104:9
Sheet erosion				8:14	02/27/601	371	Earth dry enough to leave the ark.	

↑ Rising Waters ↓ Falling Waters Dates in **Bold** are given in Scripture.

(p. 403)

Submarine tectonic upheavals.
Submarine sedimentation — could later be uplifted to form mountains or plateaus.
